The Edmonton Ringette Club is the sister organization to the EFCLRA and we run the AA ringette program in Edmonton. Our objective is to develop and promote in Edmonton highly skilled and competitive ringette athletes in a positive environment of teamwork, respect, and sportsmanship. We have one team at each of U14AA, U16AA, and U19AA. As well, the National Ringette Team, the Edmonton WAM!, is with our Club as well as the Open A team, Elite Ice. There is more information on our website - edmontonringetteclub.com.

We will have a short presentation for the parents about our program and answer questions. An information package will also be provided. The players will warm up and then have a fun skate with the current U14AA team and can ask them any questions they have as well.

Please note that many of our athletes played in all levels of U12/U14 and we know that these young athletes continue to develop and that they develop at different ages. We encourage all of the athletes born in 2007 and 2008 to attend the Open House.

Please do not hesitate to contact me at 31chrisk2@gmail.com should you have any questions.

Best regards,

Christine Kearney
President
